- Data Services

Enjoy the many services that are available to you from SKT Wireless. Send text messages, take pictures, and send them to your photo album – even add special messages and send them to a friend's phone or e-mail. Use data services to surf the Web, get weather or stock updates, or download special wallpaper or ringtones. So, what are you waiting for? Sign up for a package and get connected to the world of wireless!

Data and Text Messaging are available unless customer requests that they be deleted from the phone. Customer must subscribe to a package plan or pay \$.15 for outgoing Text Messages and \$.02 per kb for Data.

* Applies to plans \$36.95 or higher

SKT Mobile Broadband

SKT's Mobile Broadband gives you instant Internet access to your laptop wherever you go on the fastest mobile broadband network available.

Whether you need to save time or pass the time, you can do more than you ever imagined with SKT's Advanced 3G Wireless Network. At DSL speeds, you can wirelessly surf the Web, conduct business, stay informed with up-to-the-minute information, get weather or stock updates – all of this and more are available with SKT's Mobile Broadband. Whether you're using a feature phone, smartphone, or laptop, SKT has the FAST speed you need!

PLAN TERMS AND CONDITIONS

Additional terms and conditions are located on the back of the cellular service request. Some services are not available with all devices, on all rate plans, or in all areas. Actual service quality and availability of coverage may vary based on terrain, weather, equipment, and other limitations or conditions.

Service is contingent upon credit approval and a service commitment of 24 months of continued service. An early termination fee of \$200 will be applied if service is cancelled prior to fulfillment of service commitment. Airtime is billed in one-minute increments from SEND to END. Long distance, roaming, taxes, surcharges, and other terms and conditions may apply. Calls may be subject to a flat fee when outside the package plan area. **Long distance is free when calling from the United States to the United States, Canada, Puerto Rico, and the U. S. Virgin Islands.** Calls made or received on cruise ships will incur roaming or additional charges.

Nationwide plans include the 50 states of the United States, Puerto Rico and the U. S. Virgin Islands. SKT Wireless reserves the right to cancel subscriber's service if customer's billing address is outside SKT Wireless' network or if more than 50 percent of the customer's usage is in a roaming environment.

Cell-U-Care incidents are limited to one per calendar year, do not include accessories, and require a 30-day vesting period and a deductible for each incident. The replaced or repaired phone may be used or refurbished.

The Unlimited Data/Text Bundle (data, text, Internet) allows subscribers to send/receive e-mails, MMS, and text messages, as well as surf the Internet. This Unlimited Data/Text Bundle cannot be shared with other users. Subscribers may add a tethering plan, for an additional charge, to allow connection of a laptop to a smartphone.

The BlackBerry® Messaging and Social Bundles are available to BlackBerry® smartphone subscribers on a per-subscriber basis – they cannot be shared with other users. The Bundles do not include Internet access – each bundle has separate features available to that package.

Mobile Broadband Bundles cannot be used with an application that tethers the device (except when adding a tethering plan). SKT Wireless reserves the right to determine "unacceptable data usage" or abuse, and at their discretion, can discontinue data services for those subscribers.

Data plans are available for phones other than smartphones. These plans allow subscribers to send/receive e-mails and pictures, and access BREW™ services, as well as surf the Web. BREW™ charges apply to individual downloads as well as some applications and subscriptions, and those charges will appear on the cellular bill. For customers not selecting a data plan, we will make every effort to remove the capability of data usage from their phone; however, if data is used and charges apply, the customer will be responsible for those charges.

Non-smartphone data plans can be shared with other phones on the account. Certain services or applications may not be available on all phones in all areas.

Tethering any cellular phone to a laptop or other computer via Bluetooth, USB, etc., is strictly prohibited unless subscribing to a tethering plan.

Directory Assistance – per use and airtime charges apply.

Mobile-to-Mobile minutes apply to calls made or received within the calling plan area to other SKT Wireless customers. The minutes do not carry over from month to month. Anytime plan minutes are used when a Mobile-to-Mobile plan is not selected or when the quantity designated in that plan is exceeded.

Nights & Weekend minutes are 9:00 p.m. through 6:59 a.m. – Monday through Thursday, and Friday from 9:00 p.m. until Monday at 6:59 a.m. Certain holidays are also included – New Year's Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day. Nights & Weekend minutes include long distance and are included in the package plan area. Minutes do not carry over to the next month. Anytime plan minutes are used when a Nights & Weekend package is not selected, or when the quantity designated in that plan is exceeded.

Partner plans allow up to four additional lines to be added to plans. Phones share plan minutes – plus each partner receives 500 LOCAL minutes per month as designated by billing ZIP Code. The additional 500 LOCAL plan minutes are pooled, but they do not carry over to the next month.

Satisfaction Guarantee: If a new or existing customer is unhappy with the cellular coverage, phone, or device provided by SKT Wireless, they may contact SKT Wireless within thirty (30) days and any service commitment will be waived, contingent upon customer returning their phone/device – complete with box and all accessories – that came with the phone/device purchase, in satisfactory working order. Customer will be responsible for all charges incurred including activation, prorated monthly access, airtime, taxes, and fees. A restocking fee applies to returns.

Text messaging charges apply for sent messages only. If a customer does not select a Text Messaging plan, \$.15 per outgoing message will be charged.

Carry-Over minutes are available on most plans and allow unused Anytime package minutes to carry over to the next month for the life of the account to a maximum threshold (plan Anytime minutes x 12). Accumulated Carry-Over minutes end only if the customer moves down in their plan or disconnects for any reason, including non-pay disconnection. Unused minutes are not redeemable for cash, credit, or transfer.

Spousal Authorization: Account holders are given the opportunity to designate another person or persons as authorized to do certain transactions. A spouse is automatically authorized unless the account holder specifically denies them. All other authorized persons must be at least 18 years of age. Additional terms and conditions may apply. Prices are subject to change without notice. Not available in all areas.
