Mission Statement: Dana's Dance Center (DDC) is a community-based dance school. Our goal is to offer an excellent dance education while providing motivation, encouragement and progression. We help our students age 2 1/2 through adult build life skills including self-esteem and confidence in a non-judgmental, nurturing environment where everyone is welcome. Our order of priorities is FUN, exercise, education and performance. We know each child is unique therefore we tailor every class to meet the needs of the group. The teachers and assistants at DDC have great enthusiasm for dance and share this with their students in class. Dana's Dance Center's goal is to provide a positive experience for all of our dancers. At DDC every child is special. Whether you are a recreational or serious minded dancer, our mission is to provide the best education available at an affordable cost.

* A student's placement in class is determined by level, not necessarily by age. Teachers will determine where a student can best develop their individual technique. Boys welcome in all Classes.

Thank you for letting me be a part of your child's life, it is a blessing to have them in mine.
